EXHIBIT 1 CONTENT OF APPLICATION

(a) Applicant Information

The Applicant is ConnectGen Chautauqua County LLC (ConnectGen), a direct subsidiary of ConnectGen LLC. Founded in 2018 by a group of seasoned energy industry professionals, ConnectGen is dedicated to building clean electricity generation and energy storage facilities to enable a sustainable energy future. ConnectGen is focused on developing wind, solar, and energy storage projects across the United States while striving to build mutually beneficial relationships with the local communities.

ConnectGen's current portfolio includes 275 MW of operating solar projects and a pipeline of over 8,500 MW of wind energy, solar energy, and battery storage projects that are currently under active development or construction. ConnectGen possesses the project development experience, technical expertise, and financial resources and commitment to deliver the planned South Ripley Solar Project in fulfillment of the goals of New York's Climate Leadership and Community Protection Act enacted in 2019. Rigorous screening and site selection, collaborative stakeholder engagement, and discipline throughout the construction and operations phases have been the basis for ConnectGen's success in developing previous renewable energy projects.
