ORES DMM Matter No.: 21-00750

Facility Description: Applicant applied to the New York State Office of Renewable Energy Siting (Office or ORES) for a permit pursuant to Executive Law § 94-c to construct and operate a 270-megawatt (MW) solar energy facility, including a potential 20 MW energy storage facility, known as the South Ripley Solar Project located in the Town of Ripley, Chautauqua County.

Applicant filed the application with the Office on August 10, 2021. A notice of complete application was issued on April 22, 2022 (see <https://ores.ny.gov/permit-applications>, click on Project DMM Matter Number 21-00750).

ORES staff published draft permit conditions on June 21, 2022. The draft permit conditions may be accessed at <https://ores.ny.gov/permit-applications>, click on Project DMM Matter Number 21-00750.

ORES Staff Position: On issuing the draft permit conditions, ORES staff takes the position that the proposed facility, together with the uniform and site-specific standards and conditions contained in the draft permit, would comply with applicable laws and regulations. ORES staff recommends that the Office elect not to apply, in whole or in part, any local law or ordinance that as applied to the facility is unreasonably burdensome in view of the Climate Leadership and Community Protection Act targets and the environmental benefits of the proposed facility.

Public Comment Hearing: A public comment hearing pursuant to 19 NYCRR part 900 to hear and receive unsworn comments from the public will be held at **Meeder's Restaurant, 19 East Main Street, Ripley, NY 14775, on Tuesday, August 23, 2022, at 5:00 p.m.**

All persons, organizations, corporations, or government agencies who may be affected by the facility are invited to attend the hearing and comment on the application and the draft permit conditions. Lengthy comments will not be accepted and instead should be submitted in writing. Equal weight will be given to both oral and written comments. To ensure that all interested persons have an opportunity to speak, the Administrative Law Judge (ALJ) may limit the time available for oral comments to three (3) minutes per person. The public comment hearing will be transcribed for inclusion in the administrative record.

The hearing location is reasonably accessible to persons with a mobility impairment. Interpreter services shall be made available to deaf persons, and English language translator services shall also be made available, at no charge for either service, upon written request to Chief ALJ James T. McClymonds, Office of Renewable Energy Siting, Empire State Plaza, P-1 South, J Dock, Albany, NY 12242, (518) 473-4583, james.mcclymonds@ores.ny.gov. All requests must be received no later than 4:00 p.m. on Tuesday, August 9, 2022.

In the event that the in-person public comment hearing needs to be canceled, rescheduled, postponed, or conducted virtually, notification of any change will be available at the ORES website at <https://ores.ny.gov>.
